WORK EXPERIENCE

United States Coast Guard

July 2018 – Present

Marine Inspector | June 2024 - Present

Staten Island, NY

- The U.S. Coast Guard is responsible for commercial vessel compliance with federal safety regulations.
- As a marine inspector, I oversee the enforcement of ship regulations, as applied to foreign and domestic vessels.
- I interact professionally with vessel owners, operators, and crew from around the world daily.
- I have in-depth knowledge of maritime operations, and the regulations governing merchant vessels.

Engineering Department Officer, CGC Munro | June 2022 - June 2024

Alameda, Ca

- I served as the division officer for the Damage Control Division aboard the *Munro*.
 - **KEY OUTCOMES:** Three out-of-hemisphere deployments completed with an excellent shipboard safety record. All systems maintained in working and effective order. Technical management program remained in compliance with Coast Guard, federal, and international regulations.
- As a division officer, I was responsible for the maintenance and operation of shipboard systems, in particular the damage control systems..
- I managed a diverse team of six skilled personnel to ensure vessel readiness and mission success.

Woodlands Creek Senior Living Center

June 2017 - March 2018

Nursing Assistant

West Des Moines, IA

- Woodlands Creek provides end-of-life care to elderly residents, especially those with dementia, using a holistic, connection-based program.
- I provided compassionate care and support to patients in a healthcare setting.
- I developed strong interpersonal and communication skills through caring for people of many backgrounds..
- Following company policy and healthcare standard procedures, I demonstrated the ability to work effectively in a high-pressure environment.

EDUCATION

United States Coast Guard Academy

May 2022

Bachelor of Science, Naval Architecture & Marine Engineering

New London, CT

- **GPA: 3.61;** High Honors.
- Member of the offshore intercollegiate sailing team and run club.

CERTIFICATIONS, SKILLS, & INTERESTS

- **Certifications:** Engineer-in-Training, TX.
- **Skills:** Maritime operations, communications, public speaking, customer service, team management & leadership, engineering problem solving, engineering design review, engineering project oversight, response and on-call tasking.
- **Interests:** Sailing, running, cycling, home-labs
